THE JOURNAL OF *Strategic Information Systems*

INCORPORATING

International Information Systems

Index to Volume 3, March, June, September and December 1994

SUBJECT INDEX

A methodology for business process redesign: experience and issues 23
A model of EDI integration and strategic business reengineering 41
A window on information systems technology in China 299
An exploratory econometric analysis of shared electronic banking network adoption 61
An organizational learning perspective on information systems planning 165
air express service 137
automated teller machines 61

business performance 327
business process redesign 5, 23
business process reengineering 313
business reengineering 41
business strategy 123

China 299
Computer support for strategic organizational decision-making 289
coal mining 313
competitive advantage 137, 261
computer-based systems 289
cross-cultural studies 85

DHL goes 'open' 137
decision-making 289
design tools 313
diffusion 191
diversification 123

EDI 211
Electronic data interchange in international trade: frameworks for the strategic analysis of ocean port communities 211
electronic banking 61
electronic data interchange 41
electronic data interchange systems 191

first mover 123
framework benefit 191

Government regulation through voluntary cooperation: the strategic impact of information technology 107
global information technology strategy 85
government regulation information technology 107

information technology 299
Information technology and information systems perspectives on business strategies 123
IS project management 236
IS-line management partnerships 236
IT innovations 327
IT strategy 327
IT supports business strategy growth at the Development Bank of Singapore 327
IT value 61
implementation 191
implication 191
information planning 165
information systems 5, 23, 123, 179
information systems planning 165
information systems strategy 165
information technology 5, 123, 137
innovation adoption 61
international information systems practice 85
international trade 211
interorganizational systems 61

lean manufacturing 313

management information systems 299
Measuring the strategic dimensions of the quality of information 179
managerial actions 289
market penetration 123

New treatments or old remedies: is business process reengineering really socio-technical design? 313
networks 61

Organizational practice, information resource deployment and systems success: a cross-cultural survey 85
organizational change 23
organizational learning 165
organizational strategy 261

process modelling 23

quality of information 179

RyderFIRST: facilitating a turnaround in Ryder System's Consumer Truck Rental division 236

scoping 327
Strategic users of information technology: a longitudinal analysis of organizational strategy and performance 261

0963-8687/94/040351–02 © 1994 Butterworth-Heinemann Ltd

socio-technical design 313
sociotechnical design 23
soft systems methodology 23
strategic information systems 41
strategic information technology 261
strategic systems 236
systems success 85

The new and the old of business process redesign 5
To join or not to join: a framework for evaluating electronic data interchange systems 191
